

About Zimbabwe Election 2018

Last Updated: 10 May 2018

Following a dire lack of information and voter education from the Zimbabwe Electoral Commission (ZEC), a small group of citizens with very limited resources took it upon themselves to form a Facebook page aimed at informing and educating the voting population of Zimbabwe. Our platforms soon grew to include a Twitter Account, WhatsApp Distribution list and eventually a website.

Our inspiration comes from the famous words of Nelson Mandela, "It always seems impossible until it's done. Education is the most powerful weapon which you can use the change the world."

Initially our goal was to encourage the citizens of Zimbabwe to Vote. However, we soon expanded into election information, news and education. Zimbabwe Election 2018 is an independent, impartial entity. We are not affiliated with ZEC and we do not endorse any particular political party because we strongly believe that Zimbabwean Citizens have a right to choose their own government.

If you have any questions, feedback or suggestions, please send them to our Facebook page, or email them to info@zimelection.com and we will try to answer you accurately within a few hours.

Like us on Facebook, Follow Us on Twitter, Join our WhatsApp List and check out the information on our website. Share all our information extensively and encourage your friends and family to vote.
